

Year 2 Alternative Work Pack

This pack is intended for children who are struggling to access the main work provided.

It follows the same themes and areas that the rest of the class are doing but at a more accessible level.

In Maths this week, we are looking at money. When looking at money we look at value rather than number of coins. These are the coins we have in this country.

And nobody knows how much,
(Sizzely-sizzle),
And nobody knows how much,
(Sizzely-sizzle),
And nobody knows how much,
(Sizzely-sizzle),
I want a great, big, delicious, ice cream!

Science

This week, we are looking at habitats. A habitat is where an animal lives. It has everything an animal will need in it.

For some more information on this, watch Mr Price's video on Dojo.

TASK: On the next page, there is a picture of a forest. What animals live in a forest? Draw the animals on the picture.

Geography

This week we are going to find out about the life of an Australian child.

Watch Mr Price's video about Riley on Dojo this week.

Write or draw 2 things that are the same and 2 things that are different between our day and Riley's day.
