

Fun Dice Game

Do you have an old box?

Turn an old box into a big dice. Cover the box with colourful pieces of paper or alternatively paint the box.

You can adapt this activity by drawing numbers and children need to jump, clap, and hop...that many times. In addition, you can change this and place pictures or draw animals they know and challenge the children to for example, jump like a kangaroo, or roar like a lion...

You can also write letter and play the sounds challenge! Get the children to say the sounds and do the action, s, a, t, p, i, n...
