

Art planning week 5

Invent your own toy!

Hey guys! We're missing you. I hope you are looking forward to this week's book Kippers Toy box. I love it! This Week, for art, we are going to invent our own toy! I have given you some Ideas. You can use anything you want, use that amazing imagination! Think about using anything that goes into your recycling bin such as bottles, lids and paper/cardboard. You can come up with your own list of materials and go crazy!
