

Countries of Europe

Lesson 2

LO: To name and explore countries within the continent of Europe and locate them. To also become familiar with positioning, size and shape of some countries.

Recall: Map of Great Britain.

Follow the instructions below:

1. Label Scotland
2. Label England
3. Label Wales
4. Label Northern Ireland.

Task 3 – Map of Europe.

Great Britain (UK)

Did you know there are 50 countries in Europe and 27 of them are part of the EU.

1. What does EU mean?
2. What are the 3 largest countries?
3. What are the 3 smallest countries?
4. Which ocean borders Europe?
5. Is America part of Europe? Why not?

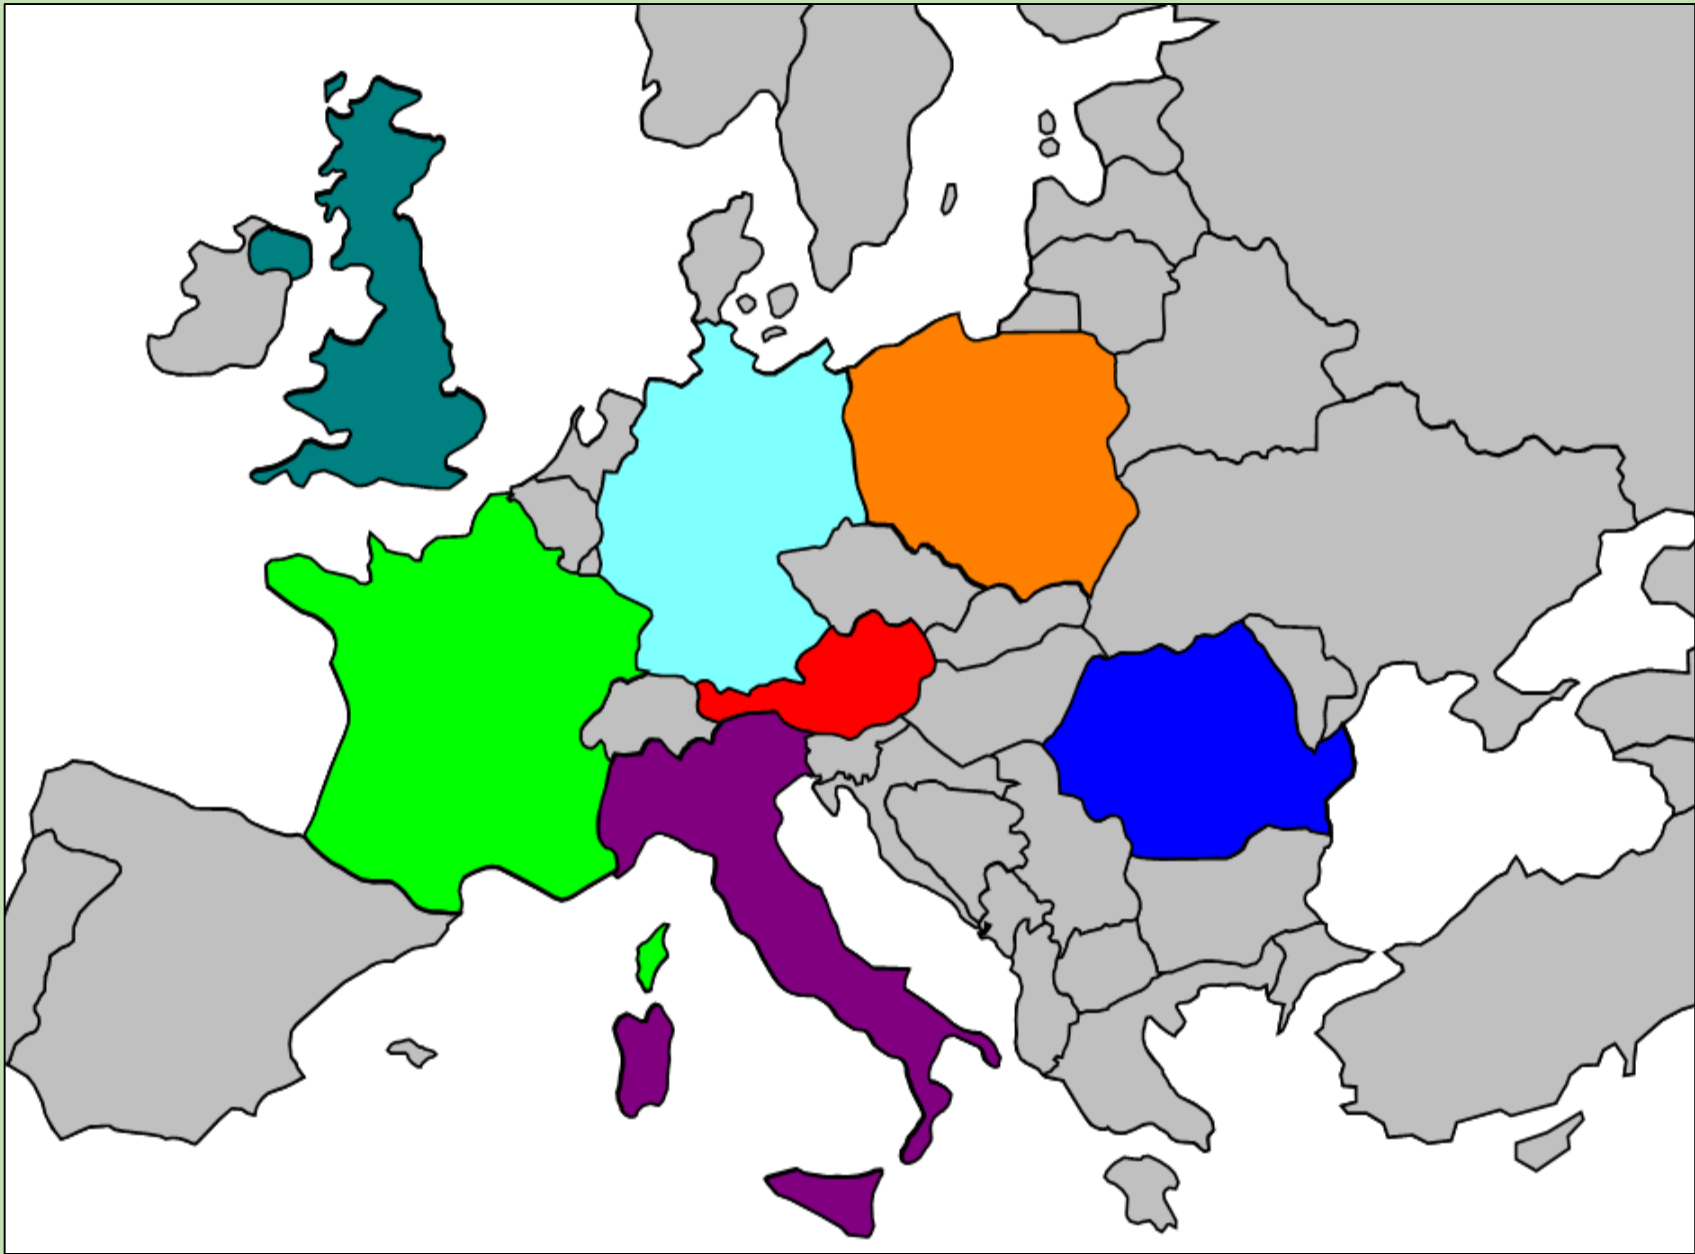

Europe is a **continent** and it is in the **Northern** and **Eastern Hemisphere**. It comprises the westernmost part of Eurasia and is bordered by the **Arctic Ocean** to the north, the **Atlantic Ocean** to the west, the **Mediterranean Sea** to the south, and Asia to the east.

TASK 4

1. What is a continent?
2. What does the word **hemisphere** mean?
3. What are the four seas around Europe?

Correctly identify all the countries that are coloured in.

Use the map on slide 3 to help you locate it. **TASK 5**

Green is _____

Orange - _____

Dark blue - _____

Red - _____

Purple - _____

Light blue - _____

Dark grey - _____

TASK 6

What is the population (number of people) of Great Britain?

Next, compare this with one other country in Europe.

1. Explain what you have found out?
2. Why do you think the population is larger or smaller than Great Britain?
3. Is Great Britain located in the northern or eastern hemisphere? [Look at slide 1](#)

TASK 7 - Look at the shapes below. They are all countries located in Europe.

Identify the name of each country and label it. - Look at slide 3 for more help.
