

# Guided Reading

# LEARNING LADDER AND SKILLS:

**Responder Page 4**

**Step 3** I can recognise the difference between fiction and non-fiction

**Step 2** I can answer straight forward, text retrieval questions from a non-fiction text

**Language Lover Page 10**

**Step 3** I can discuss what new words mean, linking their meanings to words I already know

**Responder Page 13**

**Step 2** I can participate in discussions about what is read to me, taking turns and listening to what others say

## SKILLS:

- Reading
- Thinking
- Collaborating

## LEARNING HABITS:

Which learning habits do you think we will need to use today?

# Terrific T-Rex

The T-Rex was one of the largest and most powerful meat-eating dinosaurs that has ever lived on our planet. Standing up to a huge six metres tall and at up to twelve metres long, the T-Rex moved quickly with its strong and powerful thighs. Their powerful jaws meant that they could eat their prey in one bite. The T-Rex had quite a large brain and this helped it to hunt better. The T-Rex lived in the forests and river valleys of North America before becoming extinct around sixty-five millions years ago but nobody can agree for sure why all dinosaurs suddenly became extinct at this time.

## Questions:

1. How tall can a T-Rex grow?

---

2. Why might a larger brain help a T-Rex to hunt better?

---

---

## Questions:

3. Find and copy two adjectives to describe a T-Rex's thighs.

---

---

## Questions:

4. Number these facts from 1 to 3 to show the order they appear in the text.

- The T-Rex is a meat-eating dinosaur.
- The T-Rex lived in North American forests.
- Dinosaurs suddenly became extinct.
