

Science - Physics
Lesson 6
Reflection

1. Make a list of things that are the sources of light.

What are these sources of light? Did you have any of them on your list?

Now, look at the light sources from the previous page and write them in two columns.

Man-made sources of light (artificial)	Natural sources of light

ANSWERS. Add 1 more example of your own in each column.

Man-made sources of light (artificial)	Natural sources of light
Candle	Fire
Lamp	Jellyfish sprite
Fireworks	Lightning bugs
Alarm clock	Lightning
Mobile phone	Stars
Torch	Sun
