Lesson 5

Magnets - poster

RECALL

Write down interesting facts you have learned about magnets.

**Magnetism poster - Make a poster about magnetism.
Include the following things on your poster.**

Describe magnets as having two poles.

Show that magnets will attract or repel each other, depending on which poles are facing.

Show that magnetic forces can act at a distance.

Show that magnets attract some materials and not others.

Write a short explanation, like a slogan what materials magnets attract.

POST YOUR POSTER ON CLASS DOJO.
