

RECALL:

Compare a modern and an ancient piece of art.

Which one is the ancient art and which one is the modern art?
How are they similar and how are they different?
Complete the Venn diagram.

Learning Objectives:

Choose a style of drawing (realistic or impressionistic).

Use a choice of techniques to depict movement, perspective, shadows and reflection.

Activity: Realistic Drawing

Watch the video (Drawing Lesson) - the link is on Class Story (Dojo).

The video will teach you how to use craftsmanship and patience to create a realistic and accurate drawing. Be prepared to think and think some more. It's the perfect challenge for a perfectionist! Once you start you can't stop!

After you watch the video, try to spot what I might do next - I think the top of the pot is too close to the leaves! How could I solve this problem without using a rubber? What could I do next?

Have a go yourself. How realistic can you make your drawing?
